Urban fiction, also known as street lit or street fiction is a literary genre set in a city landscape; however, the genre is as much defined by the socio-economic realities and culture of its characters as the urban setting. The tone for urban fiction is usually dark, focusing on the underside of city living. Profanity, sex, and violence are usually explicit, with the writer not shying away ...

Urban art is a style of art that relates to cities and city life often done by artists who live in or have a passion for city life. In that way urban art combines street art and graffiti and is often used to summarize all visual art forms arising in urban areas, being inspired by urban architecture or present urban lifestyle. Because the urban arts are characterized by existing in the public ...
